### **WE'RE IMPROVING ACCESS**

We're pleased to advise that work has started on our new lift, which will improve access for all our guests. We are moving the existing staircase forward (extending the building out towards the play park) and putting in a lift where the current staircase is.

There is now a temporary staircase to the side of the building, so you can still access Woodpecker Café via the balcony, for your pre or post-golf hospitality. Works will hopefully be completed in the first few weeks of December.

If you need any more information about our works, please just ask.
